Govt document alleges UPA rule ruined economy

DIPAK MONDAL @ New Delhi

THE Narendra Modi-led government on Thursday released a white paper on the Indian economy, loaded with the political message that the Congress-led UPA government considerably weakened the country's economy during its 10-year rule from 2004-14 whereas the NDA government revived it through reforms and action-oriented policies.

Finance Minister Nirmala Sitharaman tabled the white paper in Parliament on Thursday, a week after she made the promise in her Budget speech on February 1. The paper attacked the UPA government for its failure in managing the economy, which it said was in sound health in 2004. The white paper sought to highlight the inefficiencies of the Manmohan Singh-led government, such as lack of leadership that triggered a policy paralysis, project delays, and unprecedented scams.

Brought out just before the general elections, the white paper cherry-picked data and quotes of experts to attack the UPA government for mismanaging public finances, creating a banking crisis, and making India externally vulnerable.

The paper termed the banking crisis of 2014 as massive with gross bad loan levels touching as high as 12.3% of the advances 'largely because of political interference by the UPA government in the commercial lending decisions of public sector banks'. It pointed out the gross advances by PSU banks were ₹6.6 lakh crore in March 2004, but ballooned to ₹39 lakh crore by March 2012.

The paper cited RBI reports to show the UPA government showcased poor policy planning and execution. The 54-page document also elaborated the measures taken by the NDA government since it came to power in 2014 to fix the economic crisis.

Congress counter flags unemployment, injustice

PREETHA NAIR @ New Delhi

IN a counter to the government's white paper, the Congress on Thursday released a 'black paper', also of 54 pages, highlighting what it termed the social, economic, and political 'injustices' committed by the Narendra Modi government in its 10-year rule. Titled *10 Saal Anay Kal* and released by Congress president Mallikarjun Kharge, the document claims that in the past 10 years, the Modi government has "devastated the country's economy, aggravated unemployment, destroyed the agricultural sector, abetted crimes against women, and committed grave injustices against minorities".

The document said the BJP rule has witnessed the highest unemployment rate in 45 years. "Total unemployment was 1 crore in 2012 but it rose to about 4 crore in 2022. 10 lakh sanctioned central government posts remain unfilled. The unemployment rate for graduates and postgraduates is about 33%. This is why engineers are becoming coolies and PhDs are applying for railway jobs," it said.

It added that the Modi government's tenure has seen an unprecedented reduction in incomes. "The NSSO data that the PM suppressed shows consumer spending falling for the first time since 1973, from ₹1,501 in 2011-12 to ₹1,446 in 2017-18." It said prices of essential commodities are at all-time high. "Blunders like demonetisation and a poorly designed GST completely derailed the economy and destroyed job-generating small businesses."

Farmers were promised double income, but got pathetic MSP increases and three farm laws were railroaded through Parliament to enrich the PM's corporate cronies, it added.

Crimes against SC and ST communities shot up 48% in 2022 compared to 2013, the document added.

Free border travel accord with Myanmar goes to the shredder

MUKESH RANJAN @ New Delhi

UNION Home Minister Amit Shah on Thursday announced the government's decision to scrap the Free Movement Regime (FMR) along the borders with Myanmar so as to ensure the country's security and the demography of Northeastern states. In a social media post on X, Shah said the Ministry of External Affairs is currently in the process of scrapping it after the Ministry of Home Affairs recommended its immediate suspension.

The FMR was last amended in 2016 to allow citizens of both India and Myanmar living near the border to venture 16 km into each other's territory without documents as part of the Act East Policy.

Shah made the announcement two days after the decision to fence the entire 1,643 km India-Myanmar border, which passes through Mizoram (510

km), Manipur (398 km), Nagaland (215 km) and Arunachal Pradesh (520 km).

Fencing has been a persistent demand of the Imphal valley-based Meitei groups, which have been alleging that tribal militants often enter India through the porous border. They also allege that narcotics are being smuggled in through the unfenced border.

Shah had on Tuesday said besides fencing, a patrol track will also be paved to facilitate better surveillance. Two pilot projects of fencing through a hybrid surveillance system are under execution, he added.

In July last, the Manipur government claimed that around 700 illegal immigrants had entered the state. Mizoram has also had an influx of anti-junta rebels in thousands since the military coup in Myanmar on February 1, 2021. Several thousand refugees are living in different parts of Mizoram since the coup.

K'taka saw 72% decline in startup funding in '23

UMA KANNAN @ Bengaluru

KARNATAKA, which is home to more than 18,000 startups, has been witnessing a significant decline in funding.

In 2023, tech startups in the state received only \$3.4 billion funding, which is a 72% plunge from \$12.2 billion it raised in 2022, and an 83% decline from \$20.4 billion raised in 2021, reveals data from market intelligence firm Tracxn.

It received \$2.3 billion late-stage funding in 2023, which again is a decline of 73% compared to \$8.9 billion received in 2022 and 87% drop compared to \$17.3 billion received in 2021. For many quarters

now, startups across the country are struggling to raise funds due to macroeconomic headwinds and geopolitical issues.

"Karnataka's significant drop in startup funding, particularly in Bengaluru, can be

attributed to increased investor caution and concerns about valuations," said Somdutta Singh, Serial Entrepreneur, Founder and CEO Assiduous Global Inc, LP Angel Investor.

"The global economy faces challenges stemming from Russia-Ukraine and Israel-Hamas conflicts, which have disrupted the global supply chain and trade prospects. Further, monetary policy tightening has dampened aggregate demand, leading to a downturn in FDI," he said. **CONTINUED ON: P5**

Siddu's Janaspanandana 2.0 a huge hit with 11K grievances

DEVARAJ B HIREHALLI @ Bengaluru

CHIEF Minister Siddaramaiah's 'Janaspanandana 2.0', directly seeking to redress the grievances of the needy, received an overwhelming response with over 11,000 registrations and about 20,000 people thronging Vidhana Soudha here on Thursday.

Seeing the response, Siddaramaiah instructed the officials concerned to resolve the problems within a month's time.

'Janaspanandana 2.0' witnessed double the grievances compared to 'Janaspanandana 1.0' which was held at his official residence 'Krishna' on Novem-

ber 27, drawing over 4,000 registrations and the CM claiming to have resolved 98 per cent of them with only about 200 applications remaining.

Many among the aggrieved came directly to 'Janaspanandana 2.0' by bypassing their respective local authorities who should have actually solved their problems, but had not. The people came with the hope of earliest resolution of their long-pending problems through the direct approach that 'Janaspanandana 2.0' offered.

The grievances ranged from financial assistance against health care to change of khata of lands.

BHADRA EMERGES AT KG HALLI AFTER TUNNELLING FOR 1185.8M

Uneven geology, mixture of hard rock and soil led to wear and tear of head, 106 stoppages

S LALITHA @ Bengaluru

AFTER tunnelling for 356 days, Bengaluru Metro's Tunnel Boring Machine 'Bhadra' emerged at the ground level at 6.08pm on Thursday.

The breakthrough was meant to happen in the morning but was delayed twice, and finally took place by evening so that Deputy Chief Minister D K Shivakumar, who was in Delhi for a protest on Wednesday, could witness the event. Speaking to The New Indian Express on the challenges encountered, chief engineer of this underground stretch Dayanand Shetty said, "The uneven geology of having a mixture of hard rock and soil definitely played a role in delaying the tunnelling process. This caused enormous wear and tear of the TBM. We have had a total of 106 interventions on the cutter head of the machine."

Interventions refer to stoppages whenever the cutter discs suffer damage and need to be replaced. "We have 42 cutter discs carrying out the drilling job. Whenever the damage suffered crosses a certain limit, we need to stop the tunnelling, carry out repairs and restart them all over again."

Sometimes, it gets rectified in a day, but sometimes it takes even a week to be set right," Shetty explained. In Bhadra's case, drilling had to be stopped 106 times. With no alert about an abandoned well inside a house along the route, work had to be stopped for a week as the machine caved in while passing through this area, he explained. The entire route had a total of 24 borewells and 15 wells, Shetty explained. BMRL compensates families whose wells had to be destroyed for the project work.

DKS: Road-cum-Metro flyovers along Airport Line; Pink Line ops from '26

ENS @ Bengaluru

IN a bid to reduce traffic woes, Deputy Chief Minister DK Shivakumar on Thursday announced that two levels would be built along the Airport Line (KR Puram to Kempegowda International Airport) wherever Metro pillars have not been cast. Without specifying any exact deadline, he reiterated the Pink Line (Kalena Agrahara to Nagawara) or Reach-6 would become operational in 2026. Responding to the media, after witnessing the breakthrough achieved by Bhadra at

KG Halli, Shivakumar said, "The Airport Metro line is progressing at a fast pace. We have instructed them to build two levels wherever pillars have not been cast yet. One level will be used for the road and the other for Metro. The BBMP and BMRL will work on this. The cost of the flyover will be borne by the BBMP while BMRL will take care of Metro costs. IT is likely to help resolve the traffic crisis in Bengaluru." He added that he had seen such projects in Nagpur and future Metro projects will have metro plus

road lines. When asked about the 2024 deadline for the airport line and the possibility of meeting it, the DCM said, "About 98% of land acquisition is complete. 53% of construction work is done and work on 17 elevated stations is in progress." To a query if new Metro lines would be announced in the State budget, he said, "We have already instructed BMRL to prepare a detailed project report for Tumakuru, Anekal and Bidadi routes." The Centre had to be taken into confidence in all metro projects, he added.

SHISHA CAFE OWNERS TO QUESTION BAN ON HOOKAH IN HC

AKNISREE KARTHIK @ Bengaluru

A day after the State government imposed a ban on hookah with immediate effect, owners of hookah cafes in Bengaluru and across the state have decided to contest the ban in the High Court.

Representatives of the Shisha Cafes and Restaurants Association said the ban is not justifiable as they are operating after obtaining all necessary licences. They further stated that 'nicotine' is present in all cigarette products and imposing a ban on hookahs

alone, citing they contain nicotine, is not fair. There are over 15,000 people employed in hookah cafes and we will be filing a petition in the HC, they said.

"Despite having all the mandatory licences, why are hookah cafes banned? If they have imposed a ban just because of the presence of nicotine in hookah, then they should ban cigarettes which also have nicotine," said Adam Khan, vice-president of the association.

People are consuming cigarettes and alcohol, despite statutory warnings. Hookah

should also be permitted for those who wish to consume the same. Besides, hookah is legal in the US and Dubai, he added.

"There are more than 600 hookah bars across the state. After the fire at Mudpipe Cafe in October last, hookah cafes in the city and state have not been permitted to function. There are more than 15,000 people in Bengaluru whose lives depend on the cafes. Being banned from serving hookah for the past three months, we have been unable to pay rent and salaries of the staff.

TEACHERS' SEAT POLL

No sale of liquor from February 14-16 and 20

F&B industry cries foul over dry Valentine's Day

BALA CHAUHAN @ Bengaluru

THE food and beverage (F&B) industry in Bengaluru has reacted strongly against the ban on alcohol on February 14, which happens to be Valentine's Day stating they would lose 10-15% of this month's business.

The City Police Commissioner, in his order dated February 6, has banned the sale of alcohol from 5 pm on February 14 to midnight on February 16 in the wake of the Legislative Council byelection to the Bangalore Teachers' Constituency which is scheduled on February 16.

Chapter head of the National Restaurants Association of India (NRAI), Bengaluru, and founder of popular neighbourhood pub - 1522 - Chethan Hegde told TNIE that the closure on Valentine's Day is going to eat into their business and dampen the spirit of people. "It is a very busy night for the F&B industry and we prepare for it months in advance. People also look forward to Valentine's Day and book tables much ahead.

All that business will be lost besides we will have to forgo the money spent on curating the evening," said Hegde. He added that taxes on alcohol in Karnataka are much higher than many other states and this has already created a dent in the business.

Calling the ban on the sale of alcohol on Valentine's Day "unreasonable," joint secretary, NRAI, Bengaluru chapter and owner of Watson's - a popular chain of bars - Amit Roy said such "knee jerk reactions help no one. From people to the industry and the government. Everyone feels the pinch. We have planned much ahead for the night with DJs, special menus, events, etc. All that will have to be folded up now."

"This will be the first time that there will be a ban on the sale of alcohol on Valentine's Day. Bengaluru is a young city and people like to celebrate it in a big way," said Naren Bellappa of Leisure Entertainment. "The government is well aware of the revenue that they get from the F&B industry and need to wake up to the losses that the industry incurs," he added.

Speed up work on STP at Bellandur Lake: Min

EXPRESS NEWS SERVICE @ Bengaluru

FOREST, Environment and Ecology Minister Eshwar Khandre on Thursday told the environment department and wetland authority officials to write a letter to the Bangalore Development Authority, directing it to speed up work on construction of the sewage treatment plant (STP) at Bellandur Lake.

Khandre also asked officials to seek an explanation for the delay, despite orders from the National Green Tribunal (NGT) and the timeline set. He noted that the NGT has penalised the state government for poor water quality and improper STPs, yet the exercise is not completed. The minister held a meeting with officials from the environment and forest departments and wetland conservation authority to take stock of wetlands, lakes and water

bodies in the state.

Khandre said the agencies will be penalised if STP works for all water bodies are not completed within the stipulated time. He noted that there are over 16,700 wetland sites and lakes in the state, spread across 2.25 hectares, and most of them need immediate attention. He said they should be restored and protected and steps should be taken to

have them declared protected wetland sites. He also directed officials to prepare a list of the identified wetlands and publish them on the government website for public knowledge.

The rules should be informed to the public along with the consequences of polluting water bodies, and information should be disseminated in English and Kannada. He also directed officials to formulate an action plan and submit it within 10 days for the protection of wetlands.

ARIES (Mar 21 - Apr 20)

You may now wish that you hadn't shot your mouth off or been so open about your plans. There is no going back now, though, and you must learn to deal with partners' interests in your affairs as best you can. Relationships with children should be on a calmer patch, though soothing words are still necessary.

TAURUS (Apr 21 - May 21)

Times is on your side, so by all means keep lines of communication open and continue trying to negotiate terms. After next weekend, the balance of power will shift dramatically, but briefly, in your favour. Children and younger relations may be confused, but it could be another two weeks before you can help.

GEMINI (May 22 - June 21)

Now you must stay one step ahead of the planets and consider what will happen when negotiations break down or move behind the scenes. One thing you must do is make sure that you are absolutely sure of your facts. There is no need to finalise plans at home for another fortnight. And, if you do, they may come unstuck.

CANCER (June 22 - July 23)

Being someone who is skilled at reading the hearts and minds of others, you must now see that partners are in genuine need of your help. You must not ride roughshod over people who have caused you harm. You've done well financially and can afford to rest on your laurels, paying more attention to your emotional needs.

LEO (July 24 - Aug 23)

If you're experiencing difficulties at the moment, then they're problems caused by success. Even though the crisis seems to have gone off the boil, don't allow wrinkles at home to continue to poison the atmosphere or undermine your confidence. And steer clear of people who have no regard for ordinary standards of behaviour.

VIRGO (Aug 24 - Sept. 23)

So many doors seem to be opening that you may not know which is the best path to take. Once the weekend is past, you will again be focusing on questions of principle: where, for example, do you really want your life to lead? In love, hang on to your secrets; nobody has the right to pry into the deepest recesses of your soul.

LIBRA (Sept 24 - Oct 23)

Perhaps you have tried to force too many changes throughout this year. Yet, whatever you feel now, if you are a truly sensitive person you will already be aware of undercurrents that are bound to produce further upheavals. You have about four weeks before you are obliged to face the truth, so make the most of it.

SCORPIO (Oct 24 - Nov 22)

You will probably be unaware of the stressful patterns sent your way by the Moon and Pluto. This does not change the fact that, one way or another, these planets will have their effect, perhaps through unsettling dreams, but also through your wallet! Emotionally speaking, you do seem to be on the right track.

SAGITTARIUS (Nov 23 - Dec 22)

Seldom have you experienced a period when those associates seemed to be in command. One thing is certain, though: never have you been in such a position to benefit from partners' love and generosity. If only you are prepared to accept it. As your travels are strong, this is an ideal moment for second honeymoons and holiday romances.

CAPRICORN (Dec 23 - Jan 20)

It may be time, once again, to point out a fact of life you too often ignore: this is a period of great change and, as such, one when you should not expect everything to be plain sailing. You must realise, though, that in every event is a thoroughly helpful and worthwhile lesson to be learnt and remembered for the future.

AQUARIUS (Jan 21 - Feb 19)

Perhaps you are only now emerging triumphant from a trial of wills at work. Even though diplomacy may not be your greatest asset at the moment, there seems to be little you can do to sabotage your professional relations. Why not take the line of least resistance and let partners take the decisions - and the responsibility.

PISCES (Feb 20 - Mar 20)

Even when Mercury, which has such a powerful role in your ambitions, alters its position, this will do little to affect the status of a current agreement. It will, however, give you a breathing space in which to sort out various practical details. At this moment you have about another ten days before commitment is required.

BITCOIN SCAM

SIT NOTICE TO TWO DIRECTORS OF CRYPTO FIRM

Duo allegedly hacked many websites, crypto wallets with the assistance of hacker Sriki

YATHIRAJU @ Bengaluru

THE Special Investigation Team (SIT) probing the multi-crore bitcoin scam has issued a notice to Sathvik V and Harish BV, directors of Unocoin Technologies Private Ltd., an online cryptocurrency trading platform. The police had taken technical assistance from Sathvik and Harish while probing the bitcoin case registered by Cottonpet police in 2020.

According to SIT, by taking undue advantage of the help offered to the police, the duo allegedly accessed Amazon Web Services (AWS) of hacker Srikrishna aka Sriki and with his help hacked many websites and crypto wallets.

They illegally accessed the MSI laptop, which was used by the Cottonpet police for investigation, five times through their pendrives, copied data and destroyed evidence.

The SIT claimed that the duo helped accused No. 1 to 4, in the case registered by it in January 2024, to transfer bitcoins and wallets of Sriki to Nano ledgers (hard crypto wallets).

It also revealed that the duo paid Rs 7 lakh to accused No. 4, a police inspector, to recover the bitcoins that were earlier transferred by hacking the Unocoin website run by them. Further, it is learnt that they tried to transfer cryptocurrency from the crypto wallet of

Shriki to various accounts.

The SIT also claimed that Sathvik monitored Sriki while he hacked websites at the instance of other accused persons. "It is not the case that the duo made a financial gain from their acts and there is no direct allegation of hacking, but the charges against them are that accused No. 4 has taken their aid to hack websites through Sriki and to monitor his acts," the SIT claimed in a statement filed before a city court in response to the anticipatory bail petition filed by them.

The 51st Additional City Civil and Sessions Judge, Yashwanth Kumar, allowed their plea with several conditions.

Sleuths of SIT recently arrested police inspector Prashanth Babu, who was the investigation officer earlier, and cyber expert KS Santhosh Kumar, chief executive officer of GCID Technologies Private Ltd.

It is alleged that keeping Sriki in illegal detention when he was in police custody, the investigating officers forced him to connect to his AWS many times through a laptop used for investigation and hacked several websites, transferred bitcoins and changed passwords. It is also alleged that the investigating officers misused the department's Technical Support Centre at Adugodi and took assistance from the GCID firm to commit the crime.

EXPRESS NEWS SERVICE @ Bengaluru

THE High Court of Karnataka on Thursday fixed a timeline for auction of abandoned/unclaimed vehicles parked on public roads and footpaths.

Accordingly, vehicles older than 15 years should be auctioned in 30 days. Vehicles that are 1 to 5 years old can be auctioned after three months. Vehicles that are 5 to 15 years old can be auctioned after two months.

A division bench of Chief Justice PS Dinesh Kumar and

Justice TG Shivashankare Gowda passed this order after hearing Advocate General (AG) Shashikiran Shetty's submission to a petition filed by Prashanth Rao on the issue of encroachment of footpaths.

Meanwhile, an affidavit filed by MN Anucheth, Joint Commissioner of Police (Traffic), Bengaluru, stated that a meeting was held on January 31 with BBMP officials on identifying and disposing of abandoned/unclaimed vehicles and identifying places where such vehicles could be kept. It stated

that vehicles which have not been moved from footpaths for more than 15 days will be treated as abandoned. Later, they will be taken to places identified to keep them.

Meanwhile, the court was informed that two acres of land

at Mallasandra in Bengaluru North has been identified to keep unclaimed/abandoned vehicles till they are disposed of through auction or sent for scrapping.

BBMP Chief Commissioner Tushar Girinath also filed an affidavit and informed the court that palike officials will conduct periodical special drives to clear encroachments on footpaths of 609.89 km arterial roads and 734.45 km sub-arterial roads.

The chief commissioner submitted that town vending committees have been formed

in eight zones of the BBMP to conduct a survey of street vendors and identify vending zones, restricted vending zones, and no-vending zones. ID cards will be provided to street vendors identified by the BBMP.

He submitted that the BBMP will make efforts to ensure that vending zones and restricted vending zones are not far away from residential areas. Till such zones are identified, it will ensure that street vendors are given space to sell their goods without disturbing people's movement.

Love triangle leads to murder, 3 nabbed

EXPRESS NEWS SERVICE @ Bengaluru

A love entanglement involving a married woman resulted in the murder of a truck driver, Srinivas, and led to the arrest of three people, including a married couple.

Police said the accused Nagendra, alias Naga (27), was in an illicit relationship with Manjula, who is married and has a child.

Manjula had reportedly had an affair with the deceased, Srinivas (30), but had started avoiding him recently after he questioned her about her relationship with Nagendra.

When Srinivas repeatedly attempted to reach out to Manjula, she informed Nagendra and allegedly provoked him to kill Srinivas, stating that the latter was becoming a hindrance in their love life.

Nagendra planned to kill Srinivas along with his friend Kaiser Pasha (30), a rowdy

sheeter who has 16 cases registered against him, and with his wife Rubiya (26), police added.

Rubiya called Srinivas and gave her name as Deepa, then befriended him and asked him to meet her. Srinivas agreed and told her he would meet her near APMC market in Dasanapura in Bengaluru Rural district.

On February 2, Srinivas reached the APMC market around 1.30am and Rubiya kept talking to him until Pasha and Nagendra came from behind and dragged him into a stolen auto and beat him to death, police said.

The incident came into the light after Manjunath Reddy, the owner of the truck that Srinivas was driving, registered a complaint at Madanayakanahalli police station.

Police arrested Nagendra, Kaiser Pasha and Rubiya, and are yet to arrest Manjula.

Janaspandana simply shows govt failed: BJP

SAYS DESPITE DECENTRALISED GOVERNANCE SYSTEM, ONE HAS TO COME TO BENGALURU TO BE HEARD

EXPRESS NEWS SERVICE @ Bengaluru

SLAMMING the Chief Minister Siddaramaiah-led state government over its alleged failures, BJP leaders said that Thursday's grand Janaspandana event was not a big achievement, adding that it only showed how the government machinery has failed to resolve the issues of common people.

Leader of the Opposition in the Assembly R Ashoka said that there are cabinet ministers who are in charge of each district, and there are DCs and CEOs in each district, and yet if a poor man has to come all the way to Vidhana Soudha for redressal, it is a reflection of how the present government has failed.

Ashoka further said that despite the prevalence of a decentralised governance system up to the panchayat level, one has to come all the way to Bengaluru to apprise the government of their grievances. "A poor man has to come all the way by paying for tickets on the bus or by train, just to hand over an application to the chief minister at Vidhana Soudha. For this, he has to wait for one full day. This shows how the government is functioning. It is shameful that you (the government) are using these people for your publicity," he said.

Further, Ashoka added that instead of doing all this "drama", the CM should have directed his cabinet ministers to go to the district or taluk centres to listen to people about their woes. "The solution could have been given at their locations, and not by asking them to come to Vidhana Soudha," the BJP leader suggested.

GRUHA LAKSHMI BENEFITS YET TO REACH US, COMPLAIN WOMEN

'Janaspandana 2.0' witnessed complaints related to benefits of 'Gruha Lakshmi' guarantee scheme not reaching beneficiaries. The scheme entails provision of Rs 2,000 to women heads of families. Some cabinet colleagues of CM Siddaramaiah privately admitted that only half of the eligible beneficiaries in their respective districts have been receiving the benefits. A resident of Madavara, Veerabhadrapa, alleged that despite his wife Shankaramma Mudnal applying as soon as the guarantee was launched, the money had not reached her. Many people argued with CMO officials over the issue. Some complained that except for 5kg of rice, the money under 'Anna Bhagya' guarantee against the additional 5 kg rice was not reaching them. Yelahanka resident SP Shiva had come with a complaint that the BWSSB had given him a water bill of Rs 18,000, despite not taking a connection at all. "I have applied for a Cauvery water connection, but the meter is still not connected. But they still raised a bill of this amount," he said.

For medical care to business plans, many came for funds

EXPRESS NEWS SERVICE @ Bengaluru

THOUSANDS of people from different parts of the state took part in the Janaspandana programme held at Vidhana Soudha on Thursday. Citizens from across the districts started pouring in at the venue ahead of time, and made beeline at the respective department kiosks, to submit their applications.

There were many who had come all the way to request the chief minister to grant relief funds for their medical expenses, such as for dialysis, surgical procedures, and others. Some had requested for home transfer, funds to set up business for their livelihood, etc.

The BMTC had arranged buses from the Majestic Bus Stand and the Krantivira Sangolli Rayanna Railway Station to Vidhana Soudha for the programme.

Meanwhile, as the crowd at the revenue department swelled, officials opened another coun-

ter to handle the rush. Tight police security was provided at Vidhana Soudha for the programme, and the traffic police personnel were seen standing on the road managing vehicular movement.

Chief Minister Siddaramaiah announced Rs 50,000 to Lokesh Puttanayaka, who met with an accident, and handed over a letter sanctioning compensation on the spot. He also announced Rs 1 lakh as relief amount to 8-year-old N Krishna from Kolar district.

Abubakar, a physically-challenged man seated on a tricycle, had come all the way from Vijayapura. "I am 35 years old. I wish to be independent and set up a provision shop in my hometown. I have requested the chief minister to provide funds, so that I can set up the shop and earn my livelihood," he said.

There were many others who left Vidhana Soudha, with the hope that their grievances and requests would be addressed.

'Programme must be platform to understand people's pulse'

BOSKY KHANNA @ Bengaluru

WITH over 11,000 applications received during the Janaspandana programme on Thursday, officials opine that it is time that the State Government draw inferences from it rather than looking at it as a mere public redressal forum.

"Most of the applications have come from youngsters -- either seeking jobs or seeking financial assistance. Similar was the case in the previous edition of Janaspandana held at the CM's residence. Now, officials from the education and other departments should sit together and draw out schemes and policies so that graduates find jobs," a senior official told TNIE. The official added that unemployment is a matter of concern for the State and Centre.

Janaspandana should be seen as a platform to understand the pulse of the people and their demands, another official opined. "There is no point in holding such a meeting if each department works wearing a blindfold. There is a need for all departments to sit together to address the ground reality. Janaspandana is now similar to people going to a government office and filing their complaints. The application is merely collected and kept in the drawer," another senior official said.

"Doctors and citizens demanding hospitals or upgradation of a medical centre not just shows a demand for medical attention in a district, but also a demand for doctors. Many young graduates from the outskirts of Bengaluru approached the counters seeking employment. Some of them also sought permission to set up an Ayush centre on the outskirts of Bengaluru. This clearly shows that as students graduate, they have nowhere to go. There is a need for coordination among departments to address the challenge of unemployment," the official said.

A permanent exhibition centre, on the lines of Dilli Haat, will be set up in Mysuru to showcase the produce of the state. Under the 'One District, One Produce' scheme, the state government will take up the project of India Unity Mall in Mysuru at a cost of Rs 193 crore, using an interest-free loan offered by the Union government, Law and Parliamentary Affairs Minister H K Patil said after the cabinet meeting here on Thursday.

The Unity Mall project will be taken up by the small scale industries department on the 6.5-acre exhibition land in Mysuru.

Social justice

Under the Karnataka Cooperative Amendment 2024, the state government will bring social justice with reservation, which will be implemented in 25,000 cooperatives, based on a reservation roster, Patil said. Asked if it was not already present in some form in some cooperatives, he said it was not comprehensive and there was some reservation for a few. Now there will be reservation for SC/STs, Backward Classes and women, he added.

Considering there are about

45 vacancies in super time scale, the State government has increased promotional opportunities for KAS officers. Those who need to wait 13 years for selection grade will be temporarily accommodated after completing one year, Patil said, adding it will not bleed the state exchequer but provide more opportunities for KAS officers.

The government gave administrative permission to set up 114 modular operation theatres across the state, at a cost of Rs 176.70 crore, in 18 medical colleges and super speciality hospitals, to provide better health facilities.

A court complex of four halls will be set up in Bidar's Basavakalyan town at a cost of Rs 17.50 crore by the PWD. Earlier, six court halls were to come up. With this initiative, people of the area need not travel to distant places for their legal needs.

Under the Jal Jeevan Mission in Belagavi district, water supply infrastructure will be set up in Katti, Daddi, Hukkeri, Gokak and Pachapur at a cost of around Rs 400 crore.

A driving learning centre for women will be set up in Bidadi on the outskirts of Bengaluru at a cost of Rs 10.5 crore, as a joint venture.

“We had raised this issue in the previous government and the same issue has continued. If this does not get rectified, we will have to continue our fight against it, with no option left”

Kempanna, president, Karnataka Contractors Association president

'40% commission' in Cong govt too, says Kempanna

EXPRESS NEWS SERVICE @ Bengaluru

THE Karnataka Contractors Association president Kempanna, who had alleged that there was a "40-per cent commission" graft during the previous BJP government, is now making allegations against the present Congress government, stating that even now, officials are asking "40 per cent commission".

Speaking to reporters on Thursday, Kempanna said that earlier, MLAs and ministers would ask for a commission cut towards any work. But now, officials are demanding the same. "The officials are now stating that they have to pay it (commission) to the MLAs and ministers. There is a 40-per cent commission practice even in the present government," he alleged.

Further, Kempanna alleged that the officials have become "agents, who are giving contract work according to their whims and fancies". "They will only decide to whom any tender is to be given," he added. While Chief Minister Siddaramaiah is instructing them not to call for package tender, officials are still doing it. Even in the BBMP, engineers are indulging in the calling of package tender. "We had raised this issue in the previous government and the same issue has continued. If this does not get rectified, we will have to continue our fight against it, with no option left," he said.

CM orders babus to resolve issues at the earliest

CONTINUED FROM PAGE 1

AS an overwhelming majority of the complaints pertained to the revenue department, the department officials were forced to open an additional kiosk to cater to the additional crowds.

The CM said, "The applications will be processed by the respective deputy commissioners of the districts. I have instructed the district in-charge secretaries to resolve their (the aggrieved people's) applications at the earliest. If the authorities solve the problem at the lower level, the situation of

people coming to Bengaluru would not arise."

He warned that action would be taken against the deputy commissioners (DCs) and zilla panchayat (ZP) chief executive officers (CEOs) if they don't redress the people's problems. He instructed the officials that "If the problems cannot be resolved, an endorsement with appropriate reason should be issued to the applicant."

The concept of 'Janaspandana' aims at activating the administration to resolve problems of the public and ensure that benefits of the state gov-

ernment's programmes directly reach the beneficiaries, said Siddaramaiah, whose cabinet colleagues, including Rural Development & Panchayati Raj (RDPR) and Information Technology/Biotechnology (IT/BT) minister Priyank Kharge, Labour Minister Santhosh Lad, Backward Classes Minister Shivaraj Tangadagi and Urban Development and Town Planning Minister Byrathi Suresh played the second fiddle to him at the event that went on from morning to evening. "We wish to take the government to the people. Therefore 108 'Janaspandana'

programmes were held by the district-in-charge ministers. Janaspandana is conducted at taluk and district levels to resolve people's problems, and if not resolved they can bring their grievances to the state-level Janaspandana," he said.

Earlier, Siddaramaiah sent out a message to the people of the state that the five guarantees the congress government implemented would never be stopped. He suggested that people should not get misled by the BJP that is allegedly spreading rumours that they will be stopped at some point of time.

Parashurama Theme Park: CID to investigate graft

EXPRESS NEWS SERVICE @ Udupi

CHIEF Minister Siddaramaiah has ordered a CID probe into the alleged irregularities and misappropriation of funds in the Parashurama Theme Park project on the top of Umikkal Hill, Bailoor, in Karkala taluk. As Congress workers from Karkala and other activists continued to demand for a detailed probe into the alleged corruption in the project, the CM went ahead and ordered a CID probe on Tuesday.

The project was readied at a cost of Rs 10 crore through the Tourism Department, in association with the Kannada and Culture and other departments, when Karkala MLA V Sunil Kumar was the Kannada and Culture minister. CID sources said on Thursday that they are yet to receive the memo in this regard, and once it is received, the investigation will begin.

Former chief minister Basavaraj Bommai had inaugurated the Parashurama Theme Park on January 27, 2023. Officials had said that the theme park would have a 33-ft bronze statue of Lord Parashurama, but the project ran into controversy when the Congress leaders of

Karkala levelled charges that bronze was not used, but some other materials were used to make the statue.

The entry of the public was also temporarily banned by the Karkala tahsildar from October 9 to November 30 to complete the pending work. However, the theme park was not reopened to tourists as an investigation into the alleged irregularities was already under way.

'Need to end controversy'

The theme park has an amphitheatre with a seating capacity of 1,000, a bhajan mandir, art gallery, and film studio, apart from the statue. Sunil Kumar said there was a need for an end to the controversy on this project.

"I welcome the decision of the state government to order a CID probe. I had demanded the probe six months ago. Let it be completed soon and the pending grants approved by the erstwhile state government be released, so that the project can get completed. The theme park should be thrown open to tourists. I convey special thanks to Udupi District Minister Laxmi Hebbalkar for her efforts in ensuring that the CID probe is launched," he said.

SUMALATHA MEETS NADDA, SANTHOSH IN DELHI

BENGALURU: Independent Lok Sabha MP Sumalatha Ambareesh on Thursday met BJP national president JP Nadda and party general secretary (organisation) BL Santhosh, giving rise to speculation about her pitching for a BJP ticket. The Mandya MP, who defeated JDS scion Nikhil Kumaraswamy in the 2019 Lok Sabha polls, called on the two BJP leaders in New Delhi, and later posted photographs with them on X. "Today I met BJP National President JP Nadda and BJP National General Secretary (organisation) B L Santhosh informally and discussed about Mandya constituency and Lok Sabha elections. I thank Nadda Ji and Santhosh Ji for giving their precious time and listening to me. Thanks again for your kind words," Sumalatha said in her post. Sumalatha has been cozying up to the BJP and is aspiring for a ticket from the party, sources close to her said, adding that she has, however, kept her options open in case she is rebuffed.

Restart Kisan Sanman, BSY urges govt

EXPRESS NEWS SERVICE @ Mysuru

FORMER chief minister BS Yediyurappa has urged the Congress government in the state to reintroduce the Kisan Sanman scheme for the farming community, which has suffered detrimental consequences because of drought.

He said that his then government had extended financial assistance from the state, along with the Centre's assistance, through direct benefit

transfer for beneficiaries. However, the Congress government has halted the programme, which provided great support to farmers.

Speaking after inaugurating the car festival at the Suttur Jathra here, the former CM said there is severe drought in the state, which could lead to acute water scarcity. The rising mercury levels and water scarcity have made farmers worry about their future and livelihood.

Yediyurappa said he was the

first in the country to introduce the Bhaghyalakshmi scheme for the girl child. Lauding the mutts for their contribution to the field of education, health and providing food to the needy, he said all these activities have reduced burden on the government.

Announcing his intention to tour the state, Yediyurappa hailed Prime Minister Narendra Modi for launching Bharath Rice at Rs 29 a kg, against the prevailing prices that have risen to Rs 50-60 a kg.

Koppal village temple turns into hosp after viral fever spreads

A nurse attends to patients getting treated at the temple-turned-hospital in Nerebenchi village of Koppal district | EXPRESS

RAGHOTTAM KOPPAR @ Koppal

A sudden viral fever has turned a temple into a hospital ward in Nerebenchi village of Kushtagi taluk in Koppal district. Over a hundred villagers are being treated here after the flu swept the village; the fever cases started a month ago but nobody took them seriously, including health department officials.

Quite suddenly, the number of cases crossed 100 in the past two days, prompting local health officials to shift some villagers to Bhimambika temple. The temple now resembles a ward with patients lying in a row, with some of them being

administered IV fluids. Families of patients sit warily at a distance, as health staff have said it is a viral fever.

Nerebenchi village has a total population of 1,200 and no proper medical facility. The villagers complain that their surroundings and water are not clean, and there is a mosquito problem.

Health officials have sent some blood samples to Koppal. One case of chikungunya was reported on Thursday, and fearful villagers are demanding that patients be shifted to the taluk or district hospital for further treatment. Villagers fear the disease may claim their

lives, though health officials have been instilling confidence in them. The entire village is under quarantine, with villagers maintaining distance from each other.

Blood samples collected

On Thursday, Kushtagi Tahsildar Ravi Angadi visited the village and inquired about the health of the villagers, and told health staff to shift the patients to the taluk hospital.

Koppal DHO Lingaraj T said, "We have collected blood samples and taluk health officials are at the village. We will take care to shift the patients to hospital soon."

HATE SPEECH

Madras HC won't quash writ against Annamalai

R SIVAKUMAR @Chennai

THE Madras HC refused to quash the summons and prosecution proceedings initiated against BJP state president K Annamalai in a hate speech case, saying that his statement, prima facie, discloses intent to create hatred towards a religion by whipping up communal frenzy and project as if a Christian NGO is acting against Hindu culture. Justice N Anand Venkatesh made the comments on a petition seeking to quash the case pending against Annamalai before a judicial magistrate court in Salem.

In a Youtube interview, parts of which were posted on 'X', on the Supreme Court's ban on bursting crackers during Deepavali, the former IPS officer had alleged that a Christian NGO had filed the first case against bursting of crackers in the court. "A petition filed in the interest of environment was converted into a vehicle for communal tension," the judge said.

Pointing out that religion is so entrenched in Indian society that it has become pervasive, the judge said, "In this kind of environment, where decisions are taken not on the basis of rationality or scientific temper, but on the ground of religious sensibilities, it really poses a challenge to sustain secularism, which is the bedrock of this country."

The Salem court had issued summons to Annamalai after finding a prima facie case against him for inciting enmity between different groups under Sections 153 A and 505 (1) (b) of IPC based on a petition filed by Piyush Manush.

Delhi CM Arvind Kejriwal, Kerala CM Pinarayi Vijayan, Punjab CM Bhagwant Mann, J&K National Conference President Farooq Abdullah, CPI General Secretary D Raja, CPI(M) General Secretary Sitaram Yechury and others during the protest against the alleged neglect of their states, in New Delhi on Thursday | SHEKHAR YADAV

KEJRI, MANN STAND WITH PINARAYI AGAINST CENTRE

PREETHA NAIR @New Delhi

A DAY after the Karnataka government brought its protest to the capital, the Kerala government, led by Chief Minister Pinarayi Vijayan hit the Delhi streets on Thursday by staging a protest against the alleged 'discriminatory fiscal policies' of the Centre.

Along with Kerala ministers and MPs, Delhi Chief Minister Arvind Kejriwal, Punjab Chief Minister Bhagwant Mann along with other opposition leaders were present at Jantar Mantar, to show the strength of the I.N.D.I.A bloc ahead of the 2024 elections.

In his address, Vijayan said that Kerala's historic battle was aimed at saving the spirit of federalism. Referring to PM Modi's allegations that the protest is to create a narrative of North-South divide, Pinarayi said that they are here to ensure the interest of the state. It's

the BJP that is playing divisive politics. He also refuted allegations that the protest in Delhi is politically motivated.

"This protest is against what we have been denied. It is a fact that our borrowings have been limited and that our grants have been denied. How is pointing out this discrimination politically motivated? It is not just Kerala, even Karnataka came out in protest."

Kejriwal said that the Centre has declared war with states ruled by the opposition, and is going all out to finish the parties. "It is extremely difficult for the states ruled by opposition to function as our funds are being cut. Vijayan is here to get the allocations due to Kerala. This is our right," he said.

DMK Minister Palanivel Thiagarajan, CPI leader D Raja, National Conference leader Farooq Abdullah, and Kapil Sibal also took part in the stir.

PM treats states as municipalities, says Stalin

MAYANK PANI @Chennai

LAUNCHING a broadside at Prime Minister Narendra Modi for snatching states' rights, Chief Minister MK Stalin on Thursday accused Modi of treating the states as municipalities and hindering their capacity to borrow money for implementing development projects.

"Though he was once the CM of Gujarat, the first thing Modi did after becoming PM was to curtail states' rights. After he became the PM, he eroded the

financial autonomy of states, withdrew the educational rights of states, diminished our language rights, and deprived states of their legal rights," Stalin said while addressing the agitation led by his Kerala counterpart Pinarayi Vijayan against the BJP-led union government in New Delhi. The Chief Minister addressed the protest through video conference from Chennai.

Pointing out that financial disempowerment of states is akin to depriving them of oxy-

Panic gripped Chennai after at least 13 private schools in the city received bomb threats through emails on Thursday. Multiple bomb detection squads and sniffer dog teams conducted anti-sabotage checks across the city. All the 13 schools were checked and the threat turned out to be a hoax

gen, the CM said, "It is a caution even for BJP CMs. The condition of opposition-ruled States today foretells their own tomorrow. Tamil Nadu stands firm against the autocratic measures of the BJP government."

The CM also said that post-GST, all state governments are on the brink of a financial abyss. Coming down heavily on the GOI's hindrance to borrow for the state's development projects, Stalin said the Union government ought to orchestrate a cohesive strategy to alleviate this fiscal crisis. "The

subject of public debt for financing the public expenditure of states is within the exclusive purview of the state legislature as per the Constitution," Stalin said.

Hailing the era of VP Singh as PM as the sentinel of social justice, Stalin said the former PM had assured the then CM, M Karunanidhi, that there would be no need for him to visit Delhi even once for state's demands. Singh promised that his demands would be fulfilled if he just conveyed them from Tamil Nadu.

JOINT SURVEY OF ENCROACHED LAND TO BE UNDERTAKEN: KHANDRE

Bengaluru: FOREST, Environment and Ecology Minister Eshwar Khandre on Thursday said a joint survey of encroached and legally occupied forest land will be undertaken. He held a meeting with department officials to take stock of the situation, and said that if need be, the officials will look for alternative land and hand it over to people, to restore the forest patches. Khandre noted that cases pertaining to encroachment and extent of forest land were being heard by the Supreme Court, and an affidavit submitted to the apex court in 2022 noted that the affected forest patches had reduced from 9.94 lakh hectares to 3.33 lakh hectares. Khandre said that in some cases, houses, farms, hospitals, anganwadis and even farmers' patta lands exist. He said a solution for such lands can be obtained after seeking permission from the Central government. MLA Sharanabasappa Gouda Darshanapur, who was present, said cases against farmers should be dropped by forest officials. To this, Khandre said legal opinion will be taken before any decision is taken.

HARD BARGAIN IN DELHI MAY QUEER ANDHRA POLL PITCH

None of his most memorable speeches, Atal Bihari Vajpayee reminded the nation, “Democracy is a game of numbers.” His party, the BJP, has come a long way since the 1996 speech and has set its sights on crossing the 400-mark along with allies in the forthcoming elections. For this, it needs as many friends as possible. It is in this context that one needs to look at TDP chief N Chandrababu Naidu’s meeting with Home Minister Amit Shah on Wednesday. Naidu has a history with the BJP, having courted and dumped it twice. The interesting part is that he won elections whenever he was in the BJP-led NDA. A historic blunder in 2019 saw him sail with the Congress, with disastrous results. Facing a do or die battle, he is back to wooing the saffron bosses.

Does the BJP need him as much as he needs the BJP? The saffron party is a fringe party in Andhra with just 1 percent vote share, though it may have gone up a few notches after the Ayodhya mandir. But even 1 percent can matter—in 2014, the TDP-BJP’s victory margin over the YSRC was marginal. Naidu knows the TDP alone cannot take down the YSRC. He has roped in actor Pawan Kalyan’s Jana Sena, which is in the NDA. If he gets Narendra Modi’s support too, he can be more confident. Failure isn’t an option as a second term in the opposition could throw his party into an irrecoverable position. The BJP’s calculations are obviously more focused on the Lok Sabha than the assembly. It has been enjoying the tacit support of both YSRC and TDP since 2019 without having to ally with either. The question is, would it want to distance itself from Jagan, who is considered more reliable than Naidu?

The BJP would stand to gain if it gets, say, 8-10 of the 25 Lok Sabha seats from the TDP. Winning even half the number would help the party strike roots in Andhra. But any alliance with the TDP is likely to be exploited by the BRS and Congress in the neighbouring Telangana, where the BJP is keen on taking a big leap. A careful cost-benefit analysis is called for. A hard bargain from the BJP will put Naidu in a Hamletian dilemma—and given his past with the party, it is likely

TN TENEMENTS DESERVE BETTER REPAIRS, PLANNING

Last year’s hit Tamil film *Maaveeran*, the hero and his family are evicted from a slum and forced to move into high-rise tenements constructed by the government. However, the tenements prove to be shoddily constructed, putting the lives of the residents at risk. For most viewers in Tamil Nadu, the plot point was clearly ripped from headlines, depicting the notorious K P Park tenements in Chennai that opened in 2021. The 1,558 K P Park flats that house 7,790 people were found to have crumbling walls, water seepage, electricity and water issues although they were constructed as recently as 2018-19. At the time, the new DMK government had ordered an assessment to be done by IIT-Madras’s Centre for Urbanisation, Buildings and Environment (CUBE). The CUBE report assessed four blocks and found poor workmanship in plastering and other shortcomings that created fall and electrical hazards. It recommended retrofits and repairs as well as periodic maintenance. Yet, the residents of these tenements say little has been remedied apart from some minor repairs. A *TNIE* spot report this week found pockmarked, eroding walls and water seepage in the tenements’ block G. Residents said they lived in fear of the building collapsing altogether. Unfortunately, they are not alone. Last November, *TNIE* reported on the shoddy construction of tenements on the outskirts of Chennai opened only four months earlier.

These tenements are constructed by the Tamil Nadu Urban Habitat Development Board, earlier known as the slum board. The rebranding was an initiative of the DMK when it came to power and was aimed at recognising the dignity of the poor and working class people—the people who keep Chennai running—who are served by this board. While the intention was good, it remains unfulfilled given the conditions in which these very people are forced to live. The K P Park tenements were constructed by the previous government; however, it is the current government’s duty to ensure meaningful improvements are made in this and other tenements. Further, it is imperative that future construction is not embarked on without the inputs of those who will live there. For this, communities must be taken on board, their aspirations and needs recognised, respected and adhered to. The state must also hold those responsible for such poor work accountable in a meaningful way. Only then will the intention behind the name change be meaningfully realised.

QUICK TAKE

FOR PAW-SITIVE CHANGE

SINGAPORE has allowed its feline fugitives the right to live with their human carers. The city-state recently lifted a ban on cats from living in the state-built highrises that house four-fifths of Singaporeans. But pet lovers purr that their fluffy companions still can’t get insurance cover, unlike in India. Indian pet owners, however, have to jump through other hoops. Although the Prevention of Cruelty to Animals Act of 1960 bars the moving of animals in uncomfortable spaces, pet owners inevitably face ruff days when moving cities. The Animal Welfare Board would bring about a paw-sitive change if it can convince the railways and airlines to give friendlier rides to our furry friends.

WHEN the people of India offered a mandate to the current government in 2014, they did so with the hope that it would fulfil its bloated rhetoric of “*Sabka saath, sabka vikas*,” the illusory promise of inclusive development for all Indians. Ten years later, the people of this country have been sadly betrayed by a government whose economic mismanagement in this past decade has left them staring at widespread distress, low incomes and unemployment.

The first glimpse of the ruling party’s economic ineptitude came with the reckless decision of demonetisation that broke the back of the Indian economy and resulted in a monumental disaster where poor and middle-class citizens suffered (and in several cases even died) waiting in long lines to convert their notes, even as the wealthy managed to exchange their currency with ease. We must also not forget the sudden no-notice lockdown on March 24, 2020, imposed without warning or planning, which led to lakhs of migrant workers walking hundreds and thousands of kilometres back to their homes. During that most stringent national lockdown between April and May 2020, individual income in India dropped by approximately 40 percent. The bottom decile of households lost three months’ worth of income. Over its first two terms, this government demonstrated that its specialty was to issue policies marked by haste, incompetence and complete disregard for its own citizens.

If demonetisation was a bad policy badly implemented, the Goods and Services Tax was a good idea badly designed and shabbily implemented. The GST, which has been used to trample over the states’ financial autonomy, when coupled with demonetisation, resulted in finishing off India’s job-generating small and medium businesses, caused a 45-year unemployment high. It ended the economic recovery that had begun in 2013, all while failing to achieve any of its stated objectives. Given the GST tax slabs on basic commodities—like toothpaste (5 percent), footwear (18 percent), pants and shirt (5 percent), rice and wheat (5 percent)—instead of flushing out black money, resulted in concentrating wealth in the hands of the government at the expense of the aam admi.

In her budget speech, the finance minister mentioned four new castes that the government supposedly looks after, namely, *garib* (poor), *mahilayen* (women), *yuva* (youth) and *annadata* (farmers). She said that their needs, aspirations and welfare are the government’s highest priority. However, all four

groups are among the worst performing groups in most categories of social and economic policy performance.

Let’s take just one of these, the *yuva*. There is a tragic irony in the government’s claims of success when desperate young people are queuing up to risk their lives in Israel in the middle of a war because they have no decent work in India. The unprecedented levels of unemployment have left countless citizens, especially our young demographic workforce, with little prospects for a brighter tomorrow. The unemployment rate among youth aged 20 to 24 stood at 45.4 percent in 2022-23. The Indian economy employed fewer people in 2018 than in 2012, the two dates with data for assessing

the early Modi years. Agriculture and manufacturing jobs fell, while financially precarious construction work and low-end service roles grew. Today, about 450 million working-age Indians do not work or look for a job. No wonder so many are prepared to risk dying to make a living.

The Periodic Labour Force Survey data shows that regular salaried employment has stagnated during the last five years. Talk of self-employment is a cop-out because most of the employment generated is unpaid family labour; a clear evidence of disguised unemployment. The number of unpaid workers has increased from 40 million in 2017-18 to 95 million in 2022-23. The government calls them self-employed, but unpaid work-

The first involves avoiding political discussions altogether. The second entails creating space for discourse while keeping personal views totally aside or, at times, ambiguous. A third approach, rarely found today, is where they openly take positions and express opinions without mincing words. Unfortunately, those who adopt the third approach often face severe consequences,

In this polarised climate, teachers worry if their statements might go viral without context. So they are grappling with the delicate balance of fulfilling their primary duties: disseminating information and cultivating an environment where students absorb knowledge

ranging from forced resignations to dismissals, as seen recently at a private university and an online education agency.

Fundamentally academics must operate based on the postulate that knowledge is not only provisional but also highly subjective, as professed by Jean Francois Lyotard, the renowned postmodernist, drawing on the philosophies of Nietzsche and Wittgenstein. Therefore, recognising the plurality of truths, educators are required to navigate a complex academic landscape where multiple narratives inherently coexist, each in turn shaping different perspectives of the world. Acknowledging that no knowledge system is wholly objective or absolute truth is paramount.

Consequently, the concept of neutrality becomes problematic as every individual, inevitably rooted in their subjectivities that are continuously formed by social, linguistic, political, and religious orientations, ideologies, and leanings, attempts to make sense of the world. Appreciating the impossibility of com-

plete neutrality, educators should foster an environment where opposing views are respected. Undoubtedly, a delicate balancing act, but an essential skill for teachers to build.

While ‘complete neutrality’ is impossible, teachers must prevent the propagation of misinformation or divisive comments and correct students without bias or prejudice at the same time. Upholding students’ freedom of expression, including the political, is supreme. While refraining from imposing their viewpoints at all times, teachers must provide a space for discussions. Creating space for debates does not necessarily normalise opinions, as long as civility and decency prevail, supported by factual evidence. The challenge for teachers lies in avoiding political proselytising and presenting personal opinions as part of a diverse range of voices, not as the dominant or ‘the’ correct view.

Is the option to avoid political discussions altogether available to teachers? Certainly but doing so could be counterproductive and, in fact, defeat the purpose of education. While some educators staunchly argue that avoiding political discourse is an abdication of a teacher’s responsibility, others may prefer to seek a ‘safe zone.’ In my view, however, the only safety guaranteed should be intellectual, ensuring respect for students regardless of their views. Teachers’ prime duty is to prepare students to become conscientious citizens, aware of their rights and responsibilities, and learn to hold themselves accountable for their words and deeds. These are achievable only by nurturing their critical thinking skills. Learning to navigate political differences and engaging in discussions are vital skills for meaningful education, a cornerstone of a healthy democracy.

In academia, classrooms can thrive on disagreement. Embracing differing viewpoints and teaching students to evaluate evidence critically are crucial. This, in turn, contributes to establishing a resilient democratic system. While some educators may see their role as merely information agents, especially in the current highly-polarised landscape, there is no reason to shy away from discussions. Instead, it must be viewed as an opportunity to empower students to think critically, navigate complexities, and contribute meaningfully to society.

ers are not counted as employed by the International Labour Organisation.

The share of agriculture in total employment is going up, which is an indication that there are not enough jobs available outside of agriculture. To this, the government cites schemes like Skill India as a palliative. The workforce share that was formally vocationally trained in 2012 was 2.3 percent; in 2023 that share had barely moved to 2.4 percent. Though Skill India’s goal was skilling 40 crore workers by 2022, the total trained under the Pradhan Mantri Kaushal Vikas Yojana, in its three versions, was 1.4 crore, not 40, out of which only around 24 lakh were placed in jobs.

For all the hue and cry about *yuva shakti* or youth power, the truth is that their future looks bleak, facing a double whammy of falling labour participation rates and shockingly high unemployment rates. Even the start-up culture the government boasts of is failing them: fund-starved start-ups fired nearly 18,000 people in 2022. Fundraising is subdued: Indian start-ups raised \$1.18 billion in January, down 75 percent in a year. Micro, small and medium enterprises (MSMEs), which have been the main employment generators in the country, also find themselves shrinking in today’s economy. Many of them had to be permanently closed after the disastrous demonetisation. The country had over 6.25 crore MSMEs in 2016, but the number has dwindled to 3.25 crore (as per Udyam, the government’s MSME registration portal). Over 60 percent of the conventional micro-enterprises that were in business for more than a decade have perished.

Space doesn’t permit us to tackle in similar detail the equally underwhelming situation of the other three ‘castes’ listed by the government.

Annadata: Farmer suicides have increased dramatically to one lakh in the first eight years of this government. During UP2, real agricultural wages grew at 8.6 percent. In NDA2, the annual growth of real rural wages has become negative. As for *mahilayen*, India being ranked 127th out of 146 countries in the Global Gender Gap Index 2023 is a searing indictment of our inability to provide the space our women need to thrive, in the labour force or out of it. And finally, the *garib*: since the government claims (without statistical evidence) that it freed 25 crore people from multi-dimensional poverty in the last 10 years, why are 81 crore still receiving free foodgrains?

When this is the state of our country, we must ask, “*Kiska saath aur kiska vikas?*”

Ragging menace

Ref: Tackle ragging cases with an iron hand (Feb 8). Incidents of ragging can take a toll on the mental well-being of students. While it is crucial to address the mental health effects it has on the victims, one must also examine the perpetrators, who may also be suffering from mental health issues. By providing support and awareness about mental health, we can create a safer environment for all students.

Go green

Global conferences on limiting use of fossil fuels often begin with great hope and end in disappointment. Time is limited for us to stop climate change. Countries must take concrete steps towards phasing out fossil fuels while promoting the use of green energy. We must fight climate change like how we fought Covid with strict measures.

Nuclear option

Despite the increased share of renewable energy, the share of coal-based power remains high. In such a situation, achieving net zero aim by 2070 does not seem feasible. Widespread adoption of nuclear power is the only way to reach our goal of replacing fossil fuels. Uranium is available in abundant quantities. We must consider nuclear power as the top alternative to fossil fuels.

'He (Singh) arrived on a wheelchair to vote on a key legislation... I believe he came to impart strength to democracy...'

Modi hails Manmohan's 'parliamentary ethics'

RAJESH KUMAR THAKUR
@ New Delhi

A day after lashing out at Congress in the Rajya Sabha, Prime Minister Narendra Modi on Thursday heaped praises on senior Congress leader and former Prime Minister Dr. Manmohan Singh, hailing his dedication to "parliamentary ethics" and "democratic values" in Parliament.

Exhibiting a rare political bonhomie for Dr. Singh, PM Modi, recalling how Dr. Singh had earlier arrived at the Upper House on a wheelchair, said, "He arrived on a wheelchair to vote on a key legislation. It does not matter for whom he voted. I believe he came to impart strength to democracy. Coming on a wheelchair to vote in the House was an inspiring example of a member's dedication to his duties."

Conveying good wishes for the former prime minister's long and healthy life upon his RS term ending on April 3, Modi hailed Dr. Singh's dedication to parliamentary ethics. Praising Dr. Singh, Modi said, "I would especially like to remember Dr. Manmohan Singh ji. Six times he has made a huge contribution to this House with his valuable thoughts as a leader and also as the leader of the Opposition."

Speaking about the Rajya Sabha, PM Modi said that this House is a diverse university of six years, shaped by experiences. Remembering Dr. Singh's contribution, PM further said, "Due to his long tenure guiding the House and the nation, Dr. Singh will figure in every discussion of the democracy of our nation."

He suggested that all members of Parliament try to learn from the conduct of such distinguished members as they have been guiding lights. He also urged the members, whose terms are ending this year from this month to May, "This is a diverse university of six years,

shaped by experiences," he said. Making the significance of the present moment, the PM said that the members who are leaving today have the opportunity to be in both the old and new buildings.

The Prime Minister also attacked Congress for its black paper terming it a kala-tika to the government for remaining safeguard from bad happenings. Meanwhile, according to an official source, 68 members of Rajya Sabha are scheduled to retire, including BJP national president JP Nadda and others between February and May after completing their six-year term.

PANEL PULLS UP CENTRE ON PLASTIC POLLUTION

A parliamentary panel has criticised central and state agencies over their "lackadaisical" approach in handling and monitoring plastic waste. RAILWAYS INCUR EXTRA EXPENDITURE DUE TO DELAY IN PROVISIONING TARIFF METRES: PANEL

Delay in the provisioning of Availability Based Tariff (ABT) Metres by the West Central Railway resulted in an additional expenditure of Rs 75.10 crore on power purchase, according to a Public Accounts Committee (PAC) report. The committee, which tabled its report in the Lok Sabha on Wednesday, said the Railway Ministry had issued instructions in March 2015 to all zonal railways to get direct power from generating companies through open access and ensure the provision of ABT metres.

Rajan-led panel cut K'taka share of funds, says BJP

RAJESH KUMAR THAKUR

AMID protests by Karnataka against "discrimination" in fund disbursement by the Narendra Modi government, the BJP on Thursday claimed that a committee, headed by Raghuram Rajan as chairman in 2013, was instrumental in the southern state's share reducing from 4.13% to 3.73%.

"This was what the finance commission did. All this happened under the Congress-led UPA! The Congress govt of Karnataka is now essentially protesting their own government's decision", Amit Malviya-BJP IT head said in a post on 'X'. "This is nothing but sinister, divisive politics". Tagging the copies of report, he said, "On 2nd September, 2013, report of the Committee for Evolving a Composite Development Index of States, chaired by Raghuram Rajan, suggested that Karnataka's share should be reduced from 4.13% to 3.73%, which is what the finance commission did," he said.

Taunting the Congress over a speculation of it likely to nominate Raghuram Rajan to Rajya Sabha, BJP IT-head Amit Malviya asked the Congress why it wanted to nomi-

nate Raghuram Rajan who had undermined the interest of the state.

"I am told Rahul Gandhi wants to nominate Raghuram Rajan to the Rajya Sabha. Before he does that, will the Congress explain why they would want to honour someone who has undermined the interest of Karnataka?" he said.

A race of allegations and counter-allegations between BJP and Congress's Karnataka unit has erupted following Karnataka CM Siddaramaiah allegation of withholding the fund meant for his state against the Modi government. Karnataka CM recently had attacked Finance Minister Nirjala Sitharaman for withholding his state's fund like other states of South India.

He had alleged that the FM had refused a special grant recommended by the finance commission earlier.

India snubs Canada's poll interference jibe

YESHI SELI @ New Delhi

INDIA has dismissed Canada's allegation of interference in the election process. "We have seen reports regarding inquiries into foreign interference and related developments. We strongly reject such baseless allegations of Indian interference in Canadian elections. It is not the policy of the Indian government to interfere in the democratic processes of other countries," said Ministry of External Affairs (MEA) spokesperson **Randhir Jaiswal**.

He added, "In fact, quite the opposite, Canada has been interfering in our internal affairs, and we have regularly raised this issue with them. We continue to call on Canada to take effective measures to address our core concerns."

A few days ago, Canada's Security Intelligence Service alleged that India had potentially interfered in the country's election process. The report titled "Foreign Interference Threat" suggests that the Canadian government should do more to protect the country's robust democratic institutions and processes.

According to Canadian media, this report also warns that India's interference would worsen if left unchecked.

This is the first time India's

name has been implicated in such an allegation. Previously, Russia and China were accused of meddling in Canadian politics. Canadian Prime Minister Justin Trudeau has ordered an inquiry into the allegations made in this report.

Relations between India and Canada have been strained since last year, after PM Trudeau alleged in the Canadian Parliament that Indian agencies were involved in the killing of Khalistani separatist leader Hardeep Singh Nijjar in June in British Columbia. Following this, an Indian diplomat was expelled.

India dismissed these allegations as absurd and motivated. However, India retaliated by expelling a Canadian diplomat and requested a reduction in Canadian diplomatic staff to maintain parity with India. Nearly 40 Canadian diplomats eventually left.

Bangla seeks India's support on Myanmar

'Willing to take back junta soldiers'

We have partnered with India and Nepal on power sharing. This shows that we work in tandem with each other

Dr Hasan Mahmud, Bangladesh FM

YESHI SELI @ New Delhi

INDIA and Bangladesh have similar concerns regarding challenges posed by Myanmar and both should work together in tackling it, said Bangladesh's Foreign Minister, Dr **Hasan Mahmud**. "We have junta soldiers coming to Bangladesh after fleeing Myanmar. On Wednesday, more than 350 came to India. They face similar challenges due to the volatility in Myanmar and these issues were discussed with National Security Advisor Ajit Doval and External Affairs Minister S Jaishankar. We should collectively work on resolving this issue," he said.

Mahmud added that they were in discussion with Myanmar too and they were willing to take back the junta soldiers.

It may be recalled that last weekend, Doval went to Bangladesh and Myanmar was one of the core areas of concern.

Mahmud also reaffirmed that the anti-India sentiment among some Bangladeshis is fast diminishing. He added that it was the opposition members who were speaking such language and for the present government India is strong partner.

"We have partnered with India and Nepal on power sharing. While we are purchasing power from Nepal, we are utilising the grid made by India. This shows that we work in tandem with each other," he added.

SC reserves order on state power for sub-classification of castes

SUCHITRA KALYAN MOHANTY
@ New Delhi

THE Supreme Court on Thursday reserved its order on a question whether a state government is empowered to make a sub-classification in Scheduled Castes and Scheduled Tribes for grant of reservation in admissions and public jobs.

A seven-judge constitution bench of the apex court, headed by the Chief Justice of India (CJI) **DY Chandrachud**, was hearing the case.

The bench heard a detailed submission and argument from the Attorney General (AG) **R Venkataramani**, Solicitor General (SG) **Tushar Mehta**, senior advocate **Kapil Sibal** and various states, seeking review of the 2004, **E V Chinnaiah**, in the case. The Chinnaiah verdict had ruled that all the SC communities which suffered discrimination and humiliation for centuries represented a homogeneous class, incapable of being sub-categorised.

Six other judges in the bench, besides the CJI, were: Justices **BR Gavai**, **Vikram Nath**, **Bela M Trivedi**, **Pankaj Mithal**, **Manoj Misra** and **Satish**

The top court had heard around 23 petitions seeking review of the **E V Chinnaiah** judgement, in the case. The Chinnaiah judgement had said that any sub-classification of the SC would violate Article 14 (right to equality) of the Constitution. The same verdict had said that only Parliament, and not state legislatures, can exclude castes deemed to be SC from the Presidential List under Article 341 of the Constitution.

Govt imposes stock limit for wheat wholesale traders to ease rising prices

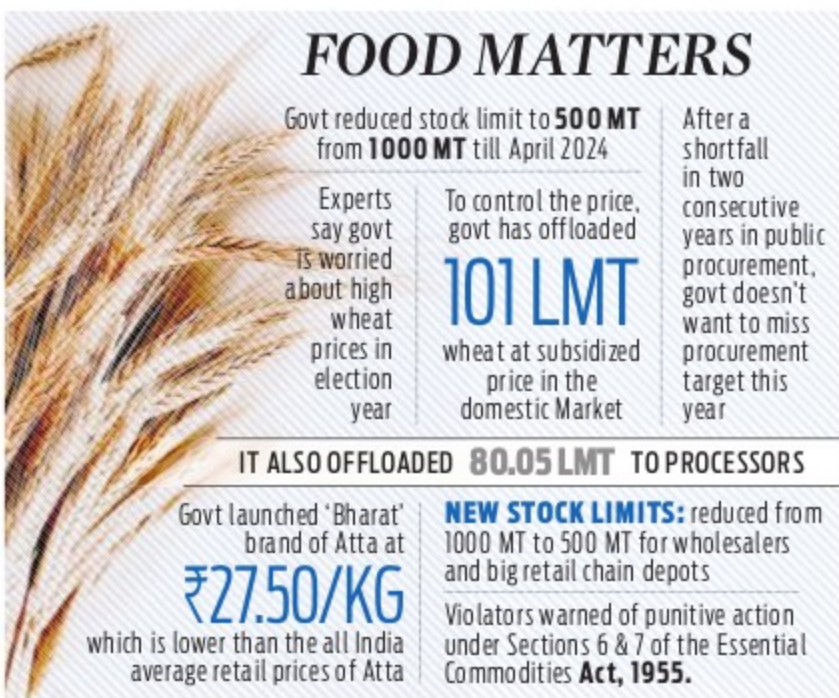

JITENDRA CHOUHEY @ New Delhi

DESPITE implementing a series of measures to mitigate the rising price of wheat in an election year, the price of wheat has not decreased as expected. Now, the government has decided to further impose stock limits on wholesale traders, retailers, and processors to enhance the availability of wheat in the open market. The new order will be applicable until April 2024.

It will reduce the current stock limit from 1000 MT to 500 MT and limit the stock of big retail chain depots from 1000 MT to 500 MT and reduces the stock limit of processors from 70% to 60% of monthly installed capacity until April 2024.

The government order directs traders, retailers, wholesalers, and big chain retailers to register on the wheat stock limit portal and update their position every Friday.

The government has warned violators of stock limits with

suitable punitive action under Sections 6 & 7 of the Essential Commodities Act, 1955. These sections impose at least a year of imprisonment and a fine, and also forfeiture of properties such as animals, vessels, or

transport carrying the commodity. Experts say the government is concerned with wheat procurement, which has experienced shortfalls in two consecutive years due to adverse weather conditions.

The child rights body also directed the states/UTs to share action taken report with the commission.

Violence over demolition of madrasa, 60 hurt

NARENDRA SETHI @ Dehradun

VIOLENCE erupted in Haldwani on Thursday, prompting authorities to impose a curfew, following clashes over the demolition of an alleged "illegally constructed" madrasa. At least 60 individuals were injured as local residents set vehicles ablaze and threw stones.

According to police reports, a majority of those injured were police officers and municipal workers involved in the demolition operation targeting the local madrasa. Senior Superintendent of Police Prahlad Meena stated that prior notice had been served regarding the illegal construction on government property. SSP Meena confirmed that the demolition proceeded under the supervision of Municipal Commissioner Pankaj Upadhyay, City Magistrate Richa Singh, and SDM Paritosh Verma.

When the demolition team, accompanied by law enforcement, arrived, a sizable crowd assembled to obstruct their efforts. As the bulldozer began its work, mobs attacked the police with stones and set vehicles on fire. Additional reinforcements were called in to quell the situation. In Dehradun, CM Pushkar Singh Dhami convened a meeting of senior officials.

Governor dismisses Soren's claim

Days after Hemant Soren said that the Raj Bhawan had played a key role in his arrest on January 31, Jharkhand Governor on Thursday rejected the allegations saying all democratic norms were followed in forming new government in the state.

MUKESH RANJAN @ Ranchi

ED has summoned Congress Rajya Sabha MP Dhiraj Prasad Sahu for questioning in the land scam case, for which, former Jharkhand CM Hemant Soren has been arrested. According to ED sources, he has been asked to appear for questioning on February 10.

After continuous searches for 10 consecutive days, ₹351.8 crore was recovered from Sahu's properties in Jharkhand and Odisha. Sahu, a resident of Lohardaga in Jharkhand, is an old Congress leader who began his political career as a student leader in 1977. Presently, he is serving as a Rajya Sabha MP for the third time.

ED wants to probe Sahu's link with Soren in connection to his alleged relations to the former Jharkhand CM and a BMW car which was confiscated by the agency from his Delhi residence on January 29.

ED wants to interrogate and record Sahu's statement, informed the sources.

Earlier on Wednesday, ED conducted searches at a property in Gurugram, linked to the address registered for a Haryana-number-plated SUV. Additionally,

tionally, two locations in Kolkata were also searched as part of the same investigation.

The central agency suspects that this vehicle may be connected to Sahu through a potentially "benami" arrangement. ED had arrested Soren on January 31 on charges of money laundering related to an alleged case of illegal land acquisition and possession. The 48-year-old resigned as the Jharkhand CM before he was formally arrested and is currently in ED's custody.

Some other persons linked to the case have been summoned by the agency for questioning. They will confront Soren and another accused in the case—Bhanu Pratap Prasad, ex-revenue department sub-inspector of the Jharkhand government.

NARENDRA SETHI @ Dehradun

FOLLOWING the Wednesday raids carried out by the Enforcement Directorate in Uttarakhand on Harak S Rawat and associates, substantial amounts of cash, gold, and important documents relating to assets were confiscated.

On Thursday, the Enforcement Directorate issued an official statement confirming the raids but refrained from explicitly naming former minister Harak Singh Rawat and IFS Sushant Patnaik.

Instead, the focus was on individuals such as Birender Singh Kandari, Brij Bihari Sharma, and Kishan Chand. It's widely known that Kandari has close ties to Harak Singh. During the searches, assets worth over a crore were seized, including cash, 1.3 kilograms of gold valued at 80 lakhs, foreign currency amounting to approximately ₹10 lakhs, and substantial documentation regarding immovable properties. The connection between Birender Singh Kandari and Harak Singh's past is particularly noteworthy.

The investigation also encompasses DFO Kishan Chand

Sharma, who has been implicated in the Jim Corbett Safari scam. Furthermore, some individuals have faced legal repercussions for possessing assets disproportionate to their known sources of income.

In a separate operation, raids on former minister Harak Singh Rawat's residence led to the seizure of ₹3.90 lakh cash, linked to allegations involving illegal tree felling and disproportionate assets related to the construction of the Pakhro Tiger Safari project in Corbett Tiger Reserve.

Harak Singh Rawat, a seasoned figure in Uttarakhand politics, expressed astonishment over the ED's actions, especially concerning the possession of a bank locker key, which he claims holds no cash but suspects a potential conspiracy.

Cracks in Oppn unity in Assam wide open as AAP names 3 LS candidates

PRASANTA MAZUMDAR @ Guwahati

THE cracks in 15-party 'United Opposition Forum Assam' are out in the open. The AAP on Thursday announced the names of its three Assam candidates for Lok Sabha elections. The party is fielding Manoj Dhanohar from Dibrugarh, Bhaven Chaudhary from Guwahati and Rishi Raj from Sonitpur.

AAP's central leadership announced their names in Delhi. The AAP's state leadership wanted to contest the three seats, but the Congress was willing to leave only the Guwahati seat to the Arvind Kejriwal-led party. Speculation was rife that Congress wants student leader-turned-Assam Jatiya Parishad chief Lurinjyoti Gogoi to contest from the Dibrugarh seat.

The ruling BJP and minority-based All India United Democratic Front (AIUDF) said the division in the opposition alliance was on expected lines.

"Congress was weakening ever since Yuvraj had launched his 'justice-injustice' yatra," AAP knows it has lost support when yatra passed via non-Miya areas

AAP knows Congress did not get any support when Rahul Gandhi's yatra passed through non-Miya areas. Nobody wants to sink with Congress," BJP legislator Manab Deka told journalists. Bengali Muslims are referred to as 'Miya' in Assam. Another BJP MLA Sushanta Borgohain said the "INDI bloc" could not come up with any agenda and there was no clarity who would lead it.

"AAP knows it can perform well alone and if Congress leads the alliance, there will be many obstacles," Borgohain said. AIUDF leader Karim Uddin Borbhuiya equated opposition alliance to a club.

"When they all came together, I said it is a club. I proposed that the 14 should contest the 14 seats (one seat each). Congress opposed it. They have no alliance, neither at the national level nor in Assam," he added.

The AIUDF is not a part of the opposition alliance but the TMC is. Recently, Assam Congress chief Bhupen Kumar Borah indicated the party would not get TMC on board.

Rahul claims Modi not an OBC, BJP calls it 'utterly baseless'

MAYANK PANI & DIPIL SINGH KSHATRIYA @ Jharsuguda/ Ahmedabad

CONGRESS MP Rahul Gandhi on Thursday claimed that PM Narendra Modi was not an OBC (Other Backward Classes) by birth and had been lying to the people all the time. Soon after Rahul's comment, the BJP came down heavily on the Congress leader, calling his allegation as "utterly baseless".

At a public at Belpahar in Jharsuguda district of Odisha during the ongoing Bharat Jodo Nyay Yatra, Rahul said that Modi was born in a general caste but his community was given OBC status after the BJP came to power.

"PM Modi often questions the need for reservation to OBC and claims he is an OBC himself. But let me tell you, Modi was never born to OBC category. All of you are being fooled. Modi was born to Telugu community in Gujarat. But his community was categorized as OBC by the BJP government in 2000. Your PM was born to general caste. He was not an OBC. He has been lying everywhere that he was born to OBC category," Rahul said.

In response, Narhari Amin, a BJP Rajya Sabha MP and former Congress member, said that it was the Congress-led Gu-

jarat government which notified Modi's caste as OBC in July 1994. Subsequently, the Central government, on the recommendations of the Gujarat government, officially recognized it as OBC on October 27, 1999, before Modi became Gujarat CM.

Amin also demanded an apology from Rahul and asserted that the decision to classify PM Modi's caste as OBC and its subsequent notification by the Central government occurred before Modi held any significant political office.

"Government of Gujarat, led by the Congress, notified Modi-Ghanchi as OBC in July 1994. The Central Government, following the recommendations of GoG, notified it as OBC on October 27, 1999, a full 2 years before PM Modi became the Chief Minister of Gujarat," said Amin, adding that Rahul's base-

less allegations are disrespectful to the OBC communities.

BJP leader Purnesh Modi accused Rahul of spreading misinformation on PM Modi's caste, suggesting it stemmed from the Congress leader's frustration. Purnesh Modi vehemently opposed Rahul's remarks, asserting unity behind PM Modi's inclusive vision.

Meanwhile, the National Commission for Backward Classes said that it had suggested inclusion of Modh-Ghanchi caste in the 'Central List' of OBCs for Gujarat in an advice to the Union government dated November 15, 1997. Subsequently, a Gazette Notification to this effect was issued on October 27, 1999. The notification to include 'Modh-Ghanchi' in the OBC list was released by the Gujarat government on July 25, 1994.

No meeting of Gujarat panel to probe crimes against SC/STs in last 2 years

DILIP SINGH KSHATIRYA @ Ahmedabad

THE vigilance and monitoring committee, constituted by the Gujarat government to look into the atrocities committed against people belonging to scheduled castes and scheduled tribe communities, has not held a single meeting in the last two years.

The information was revealed by the Ministry of Social Justice and Empowerment while replying to a query raised by Congress MLA Jignesh Mevani in the state Assembly on Wednesday.

The committee was set up to take cases of atrocities in accordance with The Scheduled Castes and Scheduled Tribes (Prevention of Atrocities) Act.

Responding to the revelations, Hitendra Pithadiya, the chairman of the Gujarat Congress Scheduled Caste Department, alleged that the BJP-led Gujarat government was "not serious" about crimes against Dalits and tribals.

"According to the SC/ST

atrocities act, the meeting (vigilance) was to be held under the leadership of the Gujarat chief minister, the Director-General of Police (DGP) and other stakeholders, and cases of atrocities registered in the State have to be reviewed, but this government (BJP) is not taking the issue of crimes against Dalits seriously," Pithadiya alleged.

The Congress leader claimed that according to the National Crime Records Bureau (NCRB) report, four incidents of atroci-

ties against SC/ST occur in the State every day. "Gujarat has the highest rate of atrocities" he alleged.

According to the data provided by the Union Ministry of Home Affairs, from 2009 to 2022, a total of 17,022 cases of atrocities against SC were registered. In these years, the highest number of cases—1477—were recorded in 2017, followed by 1,426 in 2018 and 1,416 in 2019. The lowest—1,008—cases were recorded in 2010.

RAJESH ASNANI @ Jaipur

RAJASTHAN interim budget, presented by Deputy CM and Finance Minister Diya Kumari on Thursday, echoed the call of the impending Lok Sabha elections. This time, the budget boasts a plethora of sops and announcements setting a new precedent for Rajasthan.

The state is actively streamlining government recruitment processes, particularly in vital sectors like education, healthcare, and law enforcement. Mission Olympics 2028 has been announced for the state youth to participate in the Olympics. Additionally, the budget introduces schemes aimed at empowering women and addressing regional disparities.

Sticking to hindutva agenda, BJP government has announced a budget of ₹315 crore for the development of 20 temples. Misabandi pension has been reinstated and MISA prisoners will be given pension of ₹20 thousand and medical facility of ₹4,000.

Enhanced monthly allowance for women in ₹3.7Lcr budget

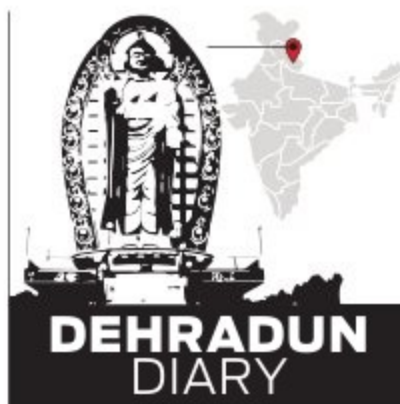

PRANAB MONDAL @ Kolkata

ANNOUNCING new schemes to counter BJP-led Centre's grant and increasing monthly dole for women, West Bengal finance minister Chandrima Bhattacharya tabled 2023-24 budget of ₹3,66,166 crore on Thursday, which is said to be aimed at the upcoming polls.

In her announcement, the minister doubled monthly financial assistance under the 'Lakshmi Bhandar' scheme, which was launched in 2021 for the women under general caste category, raising it to ₹1,000.

The women from the Scheduled Castes and Scheduled Tribes communities will get ₹1,200, instead of ₹1,000, per month under the scheme. The cash-strapped Bengal government will have to incur additional burden of ₹1,200 annually 2.11 crore women.

● Ex-PM Nawaz Sharif trailing behind Khan's PTI-backed independent, situation similar in many constituencies
ISLAMABAD
JAILED ex-premier Imran Khan's Pakistan Tehreek-e-Insaf party-backed independents were on Thursday leading in a number of constituencies, giving a tough challenge to former PM Nawaz Sharif's PML-N in its stronghold Punjab, according to initial trends of the elections marred by sporadic violence.
The Election Commission of Pakistan (ECP) had deprived jailed 71-year-old former cricketer-turned-politician's party of the electoral symbol of 'bat' over its failure to hold intra-party polls according to its Constitution, forcing it to field independent candidates.
The polling started at 8am and continued without break till 5pm. A country-wide public holiday was declared to enable more than 12 crore voters to cast their ballots. The polling percentage is not yet known. In the 2018 elections, overall voter turnout across the nation was 51.7 per cent. Counting of votes began following the conclusion of the polling and the results of individual polling stations started to pour in after the mandatory one hour restriction ended. But it may take a couple of hours before the complete result of any constituency is available.
In total 266 National Assembly seats were up for grabs out of 336, but polling was postponed on at least one seat after a candidate was killed in a gun attack in Bajaur. Another 60 seats are reserved for

women and 10 for minorities, and are allotted to the winning parties based on proportional representation.

A party must win 133 seats out of 265 being contested to form the next government. Private TV channels began reporting results on the basis of partial counting, which showed that Sharif's Pakistan Muslim League-Nawaz (PML-N) and PTI-supported independent candidates were neck-in-neck in Punjab province, which sends almost half of the representatives to the National Assembly. In most constituencies, the candidates of the two parties were either leading or in second place.

PML-N supreme Nawaz Sharif, the 74-year-old three-time former premier who is eyeing the premiership for a record fourth term, was trailing behind PTI-backed independent candidate Dr Yasmin Rashid in Lahore's NA-130. PTI

RBI maintains status quo; FY25 inflation target at 4.5%

Wordings indicate apex bank remains guarded against inflation shock

MONIKA YADAV @ New Delhi

THE Monetary Policy Committee (MPC) of the RBI on Thursday kept policy rate unchanged at 6.5% for the sixth time in a row and maintained its policy stance of withdrawal of accommodation.

The policy wordings indicate the central bank remains guarded against any inflation shock. The RBI maintains the FY25 inflation at 4.5%, which is 50 basis points higher than the inflation target of 4%.

Reserve Bank of India Governor Shaktikanta Das stated that the domestic economic activity was strengthening. He stated according to the first advance estimates (FAE) by the National Statistical Office (NSO), real gross domestic product (GDP) is expected to grow by 7.3% year-on-year in 2023-24 on account of strong in-

vestment activity. On the supply side, gross value added (GVA) expanded by 6.9% in 2023-24, with manufacturing and services sectors as the key drivers. Looking ahead, the recovery in rabi sowing, sustained profitability in manufacturing, and the underlying resilience of services should support economic activity in 2024-25, Das said.

Considering various factors, real GDP growth for 2024-25 is projected at 7%, with Q1 at 7.2%, Q2 at 6.8%, Q3 at 7%, and Q4 at 6.9%. Das said the risks

are evenly balanced.

Considering different factors, RBI projected CPI inflation for 2023-24 at 5.4%, with the Q4 at 5%. Assuming a regular monsoon next year, CPI inflation for 2024-25 is estimated at 4.5%, with the first quarter at 5%, the second quarter at 4%, the third quarter at 4.6%, and the fourth quarter at 4.7%.

As per Ranen Banerjee, Partner and Leader Economic Advisory, PwC India, the MPC decision to keep the policy rate unchanged was expected. The stance is also kept at withdrawal of accommodation that possibly is a surprise.

"Lower government borrowings and higher international money allocations to India bonds owing to inclusion of India in JP Morgan Emerging Markets bond index will keep a downward bias on the yields," Banerjee said.

RBI Governor says no need to worry about fintech system at the moment

MONIKA YADAV @ New Delhi

ALLAYING fears over the functioning of digital payment banks amid Paytm controversy, Reserve Bank of India (RBI) Governor Shaktikanta Das on Thursday said there is no need to worry about the fintech system at the moment.

He said the central bank will issue FAQs next week in this regard. The governor made some general observations about the regulated entities including Paytm. According to him, the central bank has deepened its supervisory system approach and methods over the last few years. The apex banks' emphasis has always been on the bilateral engagement with the regulated entities to nudge

them for corrective actions and sufficient time is given for undertaking such corrective actions, the RBI governor said.

"When such corrective engagement, which we undertake, that doesn't work or when regulated entities don't take effective action, we go for imposing restrictions. Such restrictions which we impose are always proportionate to the gravity of the situation," Das said. He

said RBI's actions are in the best interest of systematic stability and protection of depositors or customers' interest.

"These aspects can't be compromised. Individual entities should be mindful of these aspects for long term success. RBI is and will continue to support and encourage innovation and technology in financial sector. Let there be no doubt about RBI's commitment to promote technology in financial sector," Das reassured briefing media.

Meanwhile, the RBI has proposed to put in place a principle-based framework for authentication of digital transactions to facilitate adoption of alternative mechanisms for enhancing security of digital payments.

BAT to reduce stake in ITC, to retain 25% share

ENS ECONOMIC BUREAU @ New Delhi

BRITISH American Tobacco (BAT), the largest shareholder in ITC, is working towards pairing some of its stake in the cigarette-to-hotel conglomerate.

"We continue to pursue all opportunities to enhance balance sheet flexibility and, as part of this, we regularly review our stake in ITC. We recognise that we have a significant shareholding which offers us the opportunity to release and reallocate some capital," BAT said in its preliminary results for the year ended 31 December 2023.

BAT's shareholding in Kolkata-headquartered ITC has existed in one way or another since the early 1900s. "We have been actively working for some time on completing the regulatory process required to give us the flexibility to monetise some of our shareholding and will update you at the earliest opportunity," added BAT.

BAT chief executive officer Tadeu Marroco said it is very difficult to give a timeline for the stake sale. However, BAT is likely to maintain a 25% plus stake in ITC as it wants to keep a certain level of influence in the company.

"Local regulations require us to keep stake at 25% to have veto rights. Our current stake is above 29% so there is space for us to reduce stake," Marroco said. He added that the possibility of stake sale comes at a time when the capital cost has risen sharply due to high interest rates.

'FMCG sector seeing premiumisation'

DIPAK MONDAL @ New Delhi

NESTLE is seeing continued uptick in the premium products as a result of the 'Wealth Effect'. Its managing director Suresh Narayanan in an interaction with the media on Thursday said those in the middle and upper middle class have the income and feel good about buying whatever they want to. However, he says inflation is still hurting the common man.

He says inflation, especially food inflation, continues to be a concern in the country. While denying the impact of consumption slowdown on the company's finances, Narayanan pointed out a new phenomenon - of polarity of booming premiumization and

tepidness in the mainstream.

"So, if you're the most expensive product in the market, and you have a certain standing, and a certain brand and certain equity, it gets lapped up very quickly. But if you're a mainstream product, there you're facing the vagaries of a combination of job losses and inflation," says Narayanan.

Narayanan said that for most FMCG companies, volume play alone won't work and they have to bring a balance between volume and value.

He was non-committal on the question when the volume will come back for FMCG companies. He said a lot will depend on companies' strategies to shore up the volume oriented parts of their portfolio and the

equation is going to be fairly tight.

"There are many organizations that have reached the limits of price flexibilities that they can look at after a time. Losing equity and losing it significantly is more detrimental to the long-term future of the business as compared to a short term gain that you make by whatever you do," Narayanan said on the question of volume versus value.

Nestle in its fourth quarter result reported a total sales growth at 9.4% and domestic sales growth at 10.3%. Profit from operations was at 22.6% of Sales, while net profit grew at 4.4% to ₹908.1 crore. As per a NielsenIQ report, Indian FMCG industry has experienced a 6% growth in value, attributed to a 6.4% rise in volume. The report says volume growth for the quarter is 6.1% higher than in the same period last year.

YAS THE WAY FOR YOUNG JAS

The left-hander's rise to the top across formats is testament to his ability to adapt and thrive in challenging situations

GOMESH S @ Chennai

YASHASVI Jaiswal is the talk of the town among the cricketing circles at the moment. It is not that he made his international debut or he just broke into the global scene with an inspiring story — he does have one which has been trending — last week. He did something else. The Gen Z star took it upon himself to put on a show — read Test double — against one of the biggest teams in the world. In doing so, he became the third youngest to achieve the feat, rightly taking him to every nook and corner of the cricketing community across the world.

Watching all this feels “unreal” for Jwala Singh, who saw Jaiswal when he was 12, took him under his wings and made him a cricketer. Having migrated to the city of dreams in his pursuit to become a cricketer himself before becoming a coach, Singh knew the youngster was special when he first saw the southpaw. “I think something, what I visualized when I was working with him from a young age, it's becoming real. Before he even played U-19 cricket, I was telling people that he'll play for India. And that's

what 's happening. So I think it's something I really visualized and it's happening. So yes, I'm very, very happy and I hope this goes as long as it can,” he tells this daily.

The inspiring personal journey apart, what sets out Jaiswal is that he is not just a Gen Z, IPL generation cricketer. Yes, he bats like a dream in the shortest format — 625 runs for Rajasthan Royals at 48.08 average and 163.61 strike rate in IPL 2023 — but Jaiswal is so much more than that. As much as he has achieved fame and success at the biggest T20 league, he is old school in a sense that Jaiswal's Test call-up came because he broke down the door by piling runs in red-ball cricket. From 2022 till his India debut, the left-hander averaged 82.95 in red-ball cricket, smashing 1825 runs in 24 innings. Which is why, his batting acumen and the way he handled James Anderson whilst taking on England spinners in Visakhapatnam was lauded, especially after a soft dismissal

in Hyderabad. “He doesn't repeat the old mistakes. In the first Test, when he was playing well, he was trying to dominate throughout and so he played a quick inning. This time (Vizag) he batted like how you should play in a Test match. He took time, played more balls and he made sure that he played long because that was much needed. I think it was very mature. “Whenever I coach a kid, I always say the domination is not only just going and throwing your bat behind the ball and trying to get quick runs. It is about how to play the bowler. When he's in good form, if you can play against the top bowler of the team and not give a wicket when he is on top, that is a kind of domination. So I think, yeah, he learned those things which I used to teach. He is making it happen. It's not only talent, it's about learning, adaptability, skill and then delivering at the time where it is needed most,” Singh added.

Ahead of the second Test, India did not have Virat Kohli, KL Rahul and Ravindra Jadeja. The batting unit did not look imposing and they needed someone to step up and it was two youngsters — Jaiswal in the

first and Shubman Gill in the second — who did the job. It did not surprise Singh one bit that Jaiswal was thriving in such challenges. “I always tell the players ‘if you're playing for some team even though it's a first game or second game, you belong to that place. That's why you are there. If you're facing certain bowlers, it means you are ready to be there. So you need to prove that you are there to do something.’ If you see his graph, he's performing everywhere and he likes the challenges even when he used to play at junior level. I used to give him challenges. Like in the U-19 World Cup (2020), I told him that he should be the player of the tournament. In one of the U-23 matches, I told him I needed a double hundred from him and he scored it. He has a habit of keeping promises and as I said, he's a quick learner and he understands the situation all the time. Whatever qualities that are required as a player, he has and that's what he's doing all the way; whenever he gets a chance to play,” he said.

Indeed, if Jaiswal is going to keep promising and delivering the way he has so far, Indian cricket and world cricket will be richer for it.

Karnataka skipper Mayank Agarwal (L) during a training session | D SAMPATHKUMAR

Mayank returns as Karnataka face TN

ASHOK VENUGOPAL @ Chennai

EVERY time Tamil Nadu and Karnataka go up against each other, irrespective of the format, they always serve high-octane contests. Since 2010, they have given some memorable clashes, including knockouts. While Tamil Nadu has had commendable success in white-ball cricket, in Ranji Trophy, they have lost to Karnataka on the last three occasions. In fact, the last time they went up against each other, Tamil Nadu faced an agonising 26-run defeat during the 2019-20 season.

This time, however, Tamil Nadu are on a roll. They have had three consecutive victories and another win against Karnataka on their home turf — MA Chidambaram Stadium — will secure them a spot in the knockouts. They will be facing a rejuvenated Karnataka who beat Railways in a thriller, and have the services of captain Mayank Agarwal and Devdutt Padikkal. Agarwal, who missed the previous match having had a health scare after consuming a transparent liquid on the plane from Agartala to New Delhi, is back and was preparing in full tilt on the eve of the match in Chennai. How he and his players take on a Tamil Nadu spin attack led by R Sai Kishore will likely decide their fortunes on the red soil surface. The other challenge for the visiting team, whose bowling attack is predominantly dominated by pacers, is to see how their spinners challenge Tamil Nadu batters.

Sai Kishore, meanwhile, is excited for the contest. He was part of the team that lost to Karnataka in 2019 and is eager to put on a show. “You play this sport to compete. When a good game comes along, it gives you more chances to compete. That is where all the joy and enjoyment is. If it becomes like that (competitive), there is no other joy in this game,” said the Tamil Nadu captain.

Along with fellow left-arm spinner Ajith Ram, Sai Kishore has led the spin attack for the home team and is expected to play a crucial role in the upcoming one as well. “We are aware that Karnataka is a good side and traditionally one of the strong batting units. But we have prepared well and are confident of a good show,” said upcoming spinner Ajith Ram, before adding, “It is great to have Sai Kishore bowl at the other end. He gives you a lot of confidence and allows you to do (experiment) your own thing. He gives you the freedom to bowl as you wish at the same time tells you the strength and weakness of the batter you are bowling to.”

TN skipper, meanwhile, said that all he wants to do as captain is put his players in a position where they can excel and they take care of the rest. “Our key players who have done well so far in the tournament are in the right frame of mind and will continue to excel. We would like to play positive cricket and definitely press for an outright win. Our batters have been scoring in turns. We have had a couple of good partnerships which are vital at this level. Our bowlers too are in the right shape of mind and capable of the task ahead,” said Sai Kishore.

VFI POLLS

Candidates list out, three names for prez

ENS @ Chennai

THE list of validly nominated candidates for the Volleyball Federation of India elections was finalised on Thursday. Going by the final list of nominated candidates, there are three names contesting for the president's post. Former president Achyuta Samanta's name doesn't feature on the list but going by list, secretary of the last elected federation Anil Choudhury is backing a few candidates.

Among the three names for the president's post, Anand Shankar Rajhans is being supported by the former members who were part of the VFI executive committee. Interestingly, Prem Singh Bajor's name figures among two names nominated by the Bihar body for the electoral college. The third name is Virender Kanwar from Himachal Pradesh. He is also the Himachal Pradesh Olympic Association president. There are four names for two vice presidents' posts. NV Hanumanth Reddy from Telangana, Susanta Biswasarma, Assam volleyball president, Sidharth Daluja of Jammu and Kashmir and Vijay Tulsiram Dangre of Maharashtra are in fray.

For the post of secretary, there are three names after one name was rejected. Mohammad Akram Khan from Chhattisgarh, who proposed the name of Kanwar for the post of president, found himself on the list.

This IPL season is crucial for every player: Chahar

ENS @ Chennai

INDIA international and Chennai Super Kings seamer Deepak Chahar, who has been preparing in earnest for the upcoming Indian Premier League season, is aware that a good performance in the tournament would result in a ticket for the T20 World Cup in June.

Speaking on the sidelines of event where Etihad Airways was announced as official sponsor for CSK, Chahar said that this season will be crucial for everyone as it seems clear that the performance will be taken into account for India selection of the T20 World Cup that is scheduled to be played in United States of America and West Indies. “It's an important IPL for everyone because this is the first time everyone knows the

Etihad Airways Chief Revenue & Commercial Officer Arik De and CSK Cricket Limited Director Rakesh Singh (from Left) Mukesh Choudhary, Deepak Chahar, Simarjit Singh & Rajvardhan Hangargekar at the announcement of the partnership

Indian team will be decided based on the performance of the IPL. You know the set-up — these are the players they are going to look for. Whoever performs well in this IPL will get

the chance. To be fit and to perform and to give the 100%...I'm always someone who gives 100% and there's a lot of time for the World Cup. Personally, I see what's next — that's 22nd

March. So, I'm preparing for that and let's see what happens,” said the 31-year-old.

The senior CSK seamer, who missed the T20Is against South Africa and Afghanistan because his father was unwell, insists that family responsibility too is important for a cricketer. “I'd say family comes first. If there's a family emergency, you don't think about anything else. When you face a situation like this, you don't think about what's going to happen next. When I came out of that situation, I could think about what next I can do. When anyone sees me play the next time, they should be thinking: ‘he's an improved cricketer.’”

Mukesh Choudhary, Rajvardhan H, Simarjeet Singh were the other players who were present at the event.

Natl wrestling camps to begin today

ENS @ Chennai

AFTER a long gap, wrestlers in the country will finally be attending national camp. The camp starting Friday will be organised by the ad-hoc committee managing wrestling in the country. As many as 80 men wrestlers (40 each in Greco-Roman and freestyle) and 40 women wrestlers will camp in SAI Sonapat and NIS Patiala till March 31 as per a statement issued by the ad-hoc panel.

However, the panel has chosen medalists from Jaipur nationals ignoring those who competed in the Pune tournament organised by the Wrestling Federation of India (WFI). It could be a big setback for wrestlers missing out on the opportunity to attend the camp, especially with the Paris Olympics only a few months away.

“The upcoming months are crucial for Indian wrestlers in the build-up to the 2024 Paris Olympics as the Asian Olympic Qualifiers will be held from 19-21 April & the World Olympic Qualifiers will take place from 9-12 May,” the panel said in a statement. A total of 14 coaches and other support staff were named for the men's camp. For the women's camp, seven coaches and support staff have been appointed.

The panel led by Bhopender Singh Bajwa also announced the revised schedule for the U-15 and U-20 national championships. The event, which earlier was scheduled to be held in Gwalior from February 11 to 17, will now be held in Patiala from February 28 to March 5.

“The U20 & U15 Freestyle, Greco-Roman style and Women National Championship has now been rescheduled to be held from Feb 28 to March 5. This was necessitated based on the request of the state units in order to give more time to them to prepare for the event so that the selection and other processes are completed with due attention and care,” said an ad-hoc panel statement.

India declared joint winners with B'desh via toss of coin

AGENCIES @ Dhaka

INDIA were on Thursday declared joint winners of the SAFF Women's Under-19 Football Championships with hosts Bangladesh though the visitors initially thought they have won the title through the toss of coins, in an unprecedented change of decision made by the match officials.

The match ended 1-1 after the regulation 90 minutes of play and direct penalty shootout was ordered by the referee.

Interestingly, all the 11 players of both sides, including the goalkeepers, converted their penalty kicks.

After the scoreline reached 11-11, the referee was about to continue the penalty shootout when she was told not to do that. Suddenly, she called in the captains of the two sides and the toss of the coin was done. India were the lucky side to win the toss of coin and they celebrated.

The Bangladeshis protested and their players refused to leave the field of play for a long time. There was confusion and pandemonium all along and the sizeable crowd were seen throwing a few bottles onto the field and shouting slogans.

After more than one hour, the match commissioner, who initially took the decision for tossing the coin, changed his decision and India and Bangladesh were declared joint winners.

“It was a good gesture from the All India Football Federation. We accepted the decision to declare both sides as joint winners,” an AIFF source said.

PARIS OLYMPICS

Medals made with metal chunks from Eiffel Tower

AGENCIES @ Paris

AN Olympic medal inlaid with a chunk of the Eiffel Tower. How's that for a monumental prize? A hexagonal, polished piece of iron taken from the iconic landmark is being embedded in each gold, silver and bronze medal that will be hung around athletes' necks at the July 26-August 11 Paris Games and Paralympics. Games organisers revealed their revolutionary design on Thursday.

Simone Biles has seven medals from her two previous Olympics and LeBron James has two golds and one bronze from London, Beijing and Athens. But neither of those athletes who are targeting the Paris Games nor any of the roughly 36,600 other medalists at 29 previous Summer Olympics stretching

back to 1896 ever owned one quite like these. By making history at the Games, Paris medalists will take a bit of France and its history home, too.

Here's a deep dive into the medals that are sure to wow: The 330-meter (1,083-foot) tall tower is made of 18,038 iron parts. But it's also getting a bit long in the tooth. Built for the 1889 World's Fair ‘which celebrated the 100th anniversary of the French Revolution’ engineer Gustave Eiffel's tower was only intended to stand for 20 years. Instead, it just goes on and on ‘thanks to a bit of rejuvenating surgery from time to time and constant care. The 135-year-old tower is a veteran of two previous

Games ‘ in 1900 and 1924, the last held in Paris.

The iron pieces embedded in the center of the Olympic medals each weigh 18 grams (about two-thirds of an ounce). They were cut from girders and other bits that were swapped out of the Eiffel Tower during renovations and stored for safekeeping, according to Joachim Roncin, head of design at the Paris Games organizing committee. “The concept came after a few discussions. We realized that there's one symbol known across the world, which is the Eiffel Tower,” Roncin said.

“We said to ourselves, Hey, what if we approached the Eiffel Tower Operating Co. to see

if it's possible to get a bit of the Eiffel Tower to integrate into the medal?” The company agreed, and “the dream became reality,” he said. “It's really a bit of metal from the Eiffel Tower.” They were stripped of paint, polished and varnished for their second life.

They are stamped with “Paris 2024” and the Games logo ‘ which looks like a flame or the face of a woman with a chic bob haircut. The five Olympic rings are also stamped on the iron of the Olympic medals. The Paralympic logo of three swooshes, known as the Agitos, is stamped on the medals for the August 28-September 8 Paralympics. The iron pieces' hexagonal form represents France. The French sometimes refer to their country as “L'Hexagone” ‘ the hexagon ‘ because of its shape.
